

## Conference 2025 – June 1-4 Ritz Carlton New Orleans

The Association of Registration Management, Inc. (ARM) has successfully offered an annual educational conference for over 35 years, bringing together industry with regulators (FINRA, SEC, MSRB, SROs, States, NASAA, NFA, etc.) to learn about regulatory developments and rule changes that will affect registration and licensing. The ARM Conference is also a wonderful opportunity for the registration community to meet colleagues with common goals and to share ideas, as well as meet with various IT, Training, Compliance Services and Consulting vendors to gain an understanding of the latest technology and compliance programs and enhancements. ARM exerts all efforts to maintain affordability for industry to attend, with the registration fee at \$650 for members and \$800 for non-members, as opposed to other conference fees of \$1200+-. We always strive to get the best hotel rate possible, so your travel expenses are low and most of your meals are included throughout the Conference.

ARM is an industry committee, in existence since 1975, whose primary purpose is to represent industry on issues that concern the registration and licensing functions for securities, investment advisors, commodities and insurance. ARM helps its members on information which may affect registration and licensing requirements and processes so that our members may comply with the rules, regulations and laws that govern firms and individuals who work in the securities industry. Through the valued relationships our organization has with Regulators, we have been involved in the implementation of many changes that affect our day-to-day. The Conference is just part of the many services this industry group has committed to its members for nearly 50 years! And in 2025, we will be celebrating just that....50 years!!

Through this conference and other avenues, industry is afforded wonderful opportunities to work with our colleagues, regulators, and vendors in meeting our hefty compliance, regulatory and firm responsibilities.
